**Robotic Case Packer**

## Robotic Case Packer

Model: CPC-2400

**UP TO 60 CYCLES PER MINUTE\***

\*With two robot stations. Depending on product characteristics, packing requirements, and desired speeds.

### Reliability

Non-stop, continuous motion for sensitive and accurate product placement. Offers flexible and gentle handling with every pick.

### Versatility

Scalable design. Ideal for handling different products weighing up to 13 kg (including the lightweight gripper).

### Usability

User-friendly interface and quick changeover of packing patterns through stored recipes.

### Product Types

### Containers Types

**Cost-effectively designed to support demanding ROI application.**

## Typical Equipment Dimensions

### **Payload**

Up to 13 kg

### **Power**

480V 60Hz 3Ph and 208V 60Hz 1Ph  
(other voltages available)

### **Operating pressure**

90 psi (6 bar)

### **Ambient temperature**

40 °F to 105 °F (5 °C to 40 °C)

### **Safety standards**

Performance Level D  
Category 3

## Features

FANUC robots

Customized grippers to your product requirements

Quick connect tooling for quick changeovers

User-friendly interface and quick changeover of packing patterns

Compact monocoque frame for easy transport

Integrated electrical power and control panels for quick installation and commissioning

## Options

Multiple robot stations and multi-picks for higher rates

Inspection station with sensor or camera for quality control

FANUC Robotics iRVision and line tracking technology

Robotic handling of cardboard inserts

Stainless steel construction to meet stringent safety standards

Case erector and case sealer

Label applicator and inkjet printer

Checkweigher and metal detector

# Lifetime

## Client Solutions

**Premier Tech Client Solutions** take a personalized approach to **lifecycle management**, creating enhanced solutions customized to your specific needs that develop your own capabilities and operational habits, and help you achieve and maintain productivity.

The Client Solutions' passionate team acts as a **partner** by maintaining constant collaboration and putting your interests at the heart of daily decisions throughout your equipment's lifecycle.

Our programs are designed to help you reach your highest **Overall Equipment Effectiveness (OEE)** and maximize your **Return on Investment (ROI)** by providing you with the most valuable lifecycle services in the industry focusing on critical areas such as **24/7 technical support, spare parts, field service, training, system assessments and optimization.**
