

## Hydraulic Scissor Lift Table - 500kg Capacity / 915mm Lift

The MTTG50 Hydraulic Scissor Lift Table is designed to handle **oversized** or **irregularly shaped** loads with ease, thanks to its **extra-large deck** and robust **500kg load capacity**. Ideal for use in **warehouses**, **production facilities**, and **veterinary clinics**, it functions as a safe and ergonomic mobile workstation.

Equipped with a **precision hydraulic foot pump**, this table lifts loads effortlessly to reduce strain caused by lifting and bending. Safety features include **restraint bars**, an **overload valve**, and a **controlled lowering mechanism**, making it a reliable choice for heavy-duty environments.

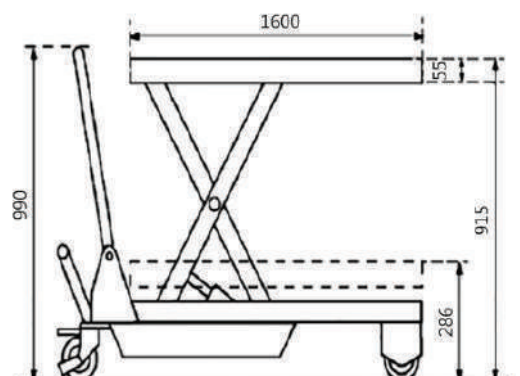

### Features

- **Extra-Large Platform (1600 x 810mm)** – Accommodates bulky or irregular items with ease.
- **500kg Lifting Capacity** – Perfect for warehouses, production lines, or vet practices.
- **Precision Foot Pump Operation** – Easily raises platform to preferred height.
- **Hand Release Lever** – For safe and controlled lowering.
- **Manual Push with Chrome-Plated Handle** – Positioned at ergonomic height (990mm).
- **Heavy-Duty Components** – Built for long-term industrial use.
- **Safety Overload Valve** – Protects pump and operator from excessive loads.
- **Safety Restraint Bars** – Lock the platform securely in raised position.
- **Lowering Speed Control** – Prevents sudden drops or accidents.
- **Powder-Coated Safety Yellow** – Highly visible and wear-resistant.
- **Polyurethane Wheels (5" Castors)** – 2 rigid, 2 lockable swivel wheels with brakes; gentle on delicate floors like timber or tile.

**⚠ Note:** For lifting goods/products only. Not suitable for lifting people.
