

GLOBAL SERVICE

WORLD WIDE IN
GOOD HANDS

HAEUSLER TECH AG

WE HELP

Production must be reliable and precise so that products can be manufactured with consistently high quality. Potential for increasing productivity must be identified and used to remain competitive.

HAEUSLER Global Service supports you in all matters, from the initial machine setup to production optimization to ordering spare parts. If you need to modernize a plant for which spare parts supply is no longer guaranteed, you will receive a binding offer including all necessary parts, the modification work on site and commis-

sioning. Prompt service from our highly qualified engineers is possible at any time by remote access to the production plant, augmented reality or by telephone.

With HAEUSLER Global Service you are in good hands, reliable and worldwide.

1

SETUP

We support you with the installation and commissioning of your machine.

2

PRODUCTION

We plan with you the replacement of wear parts, machine revisions or carry out repairs to ensure continuous production.

3

IMPROVE

We advise you on optimizations or modernizations of running machines and plants.

TRAINING & INSTRUCTIONS

We train your operators and maintenance personnel at our premises or on your machines.

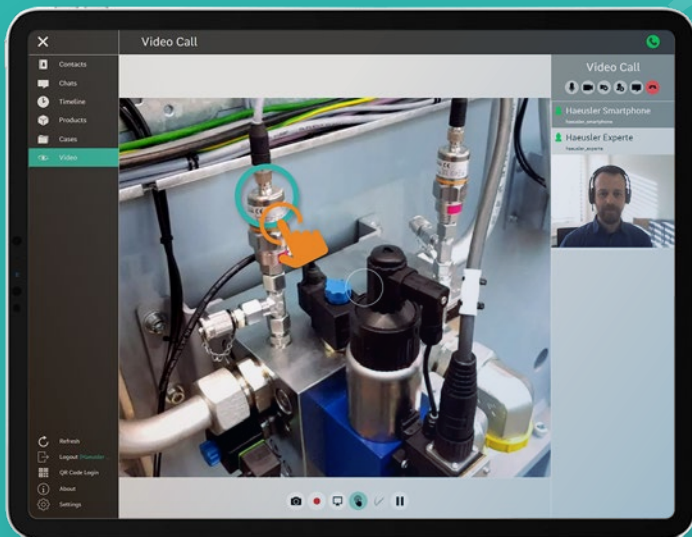

REPAIR & MAINTENANCE

As part of regular maintenance, we replace wearing parts or carry out inspections of machines.

RETROFIT & UPGRADE

Economical aspects often favor modernization over the purchase of a new machine.

REMOTE SUPPORT SERVICE

Through the use of modern communication technologies such as remote maintenance systems and augmented reality, we are able to carry out immediate error detection, diagnosis, maintenance, data analysis or optimization without sending a technician.

SPARE PART ORDER

If a component is defective, HAEUSLER Global Service delivers almost every spare part worldwide.

KNOW-HOW & PERFORMANCE

HAEUSLER Global Service stands for forming technology. Since over 85 years knowledge is built up and continuously passed on.

CUSTOMIZED SERVICE CONTRACTS

You will receive customized premium service packages.
