

Hydraulic Switchboard & Equipment Moving Trolley - 6000kg Capacity

Moving very heavy machinery, switchboards, or furniture can be a real challenge - especially when forklifts or cranes cannot be used. The **Mitaco 6000kg Hydraulic Equipment Mover** is a professional-grade solution designed to lift and transport extremely heavy loads safely and efficiently. Ideal for industrial, commercial, and workshop environments, this mover makes handling large and awkward items significantly easier.

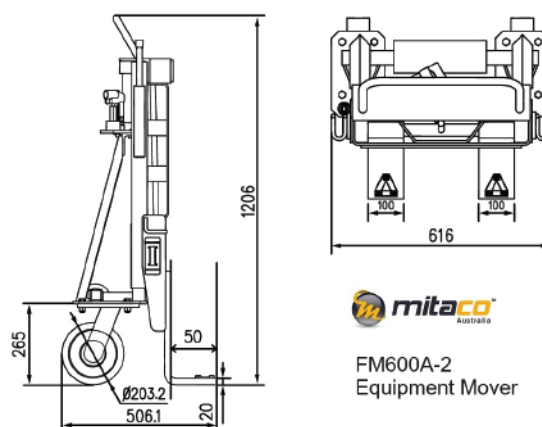

Features

- **Heavy-duty capacity:** 6,000 kg.
- **Lifting height:** 150 mm.
- **Durable wheels:** Two 200mm polyurethane wheels per unit, designed for longevity and smooth travel.
- **Protective support rails:** Powder-coated finish for added durability.
- **Extra-long securing straps:** 8 metres in length, 38mm wide.
- **Robust, balanced design:** Each unit weighs 122 kg.
- **Sold as a complete set for immediate use.**
