

Luna Ceiling Hoists

The Luna Ceiling Hoist by Winnicare offers a unique and modern spherical shape and excellent functional features. It's a true example of Winnicare's innovative Danish design. Luna is a fixed and portable ceiling hoist in one unit. Changing Luna from fixed to portable mode, and vice versa, can be done in seconds by simply detaching and reattaching the unit to the track. No tools needed.

Combine Luna with Winnicare's extensive program of ceiling and wall mounted tracks, and you have a ceiling track hoist system providing complete solutions to meet the latest requirements in the care sector. Other features include Winnicare's patented spreader bar and sling hook system ensuring safe and simple sling attachment. The comfortable ergonomic hand control, with its clear function buttons, is designed to help make patient transfer a safe and simple task for carers.
