

Hydraulic Scissor Lift Table - 200kg Capacity 1m Lift - Rough Terrain

Built for rugged environments, the MTT20 Hydraulic Scissor Lift Table is designed for off-road and construction site use. Featuring large rubber wheels with deep tread, this mobile lift table handles rough terrain with ease. A high-quality hydraulic pump and precision foot pedal allow for controlled lifting, while the hand-operated release ensures smooth, safe lowering.

Ideal for lifting and transporting heavy goods in outdoor or uneven work areas, the MTT20 combines performance, safety, and durability in one robust design.

Features

- **Precision Hydraulic Foot Pump** – Smooth and reliable lifting with minimal effort.
- **Regulated Lowering via Hand Lever** – Allows safe and controlled descent.
- **Quick Release System** – For fast and efficient operation.
- **Heavy-Duty Hydraulic Pump** – Built for long-lasting performance.
- **Durable Powder-Coated Finish** – Offers excellent protection from wear, rust, and the elements.
- **Large Rubber Wheels with Tread** – Designed for superior grip on rough and uneven surfaces.
- **Rear Wheel Brakes** – Dual brakes on steering wheels for added safety and control.

⚠ Note: Designed for lifting goods/products only. Not suitable for lifting people.
