

MODEL 2306

HEALTH AND SAFETY

Minimize your risk

Perfect for

Wholesalers
Factories
Distribution Centres
Large Retailers
Food
Catering
Industry

Minimize your waste of time, space and money

- Bale plastic, cardboard and other material
- Automated bale-out mechanism
- Low on noise, low on energy
- New EN16500 safety features
- Deep and wide pressing chamber
- Faster pressing cycle & bale-out indicator
- Improved fail-safes and locking mechanisms

The Mil-tek 2306HD baler is ideal for businesses with medium-to-large volumes of cardboard and plastic waste but who require a bit more power. It is equipped with two powerful cylinders creating denser and heavier bales that fit neatly onto a standard size pallet.

Fully compliant with EN16500 standards, the deep pressing chamber and the wide door opening makes Mil-tek 2306HD the ideal solution for businesses with larger amounts of waste but limited amount of floor space available.
