ROBOT COUPE JUICER EXTRACTOR J80 BUFFET

Product Code: 4040009
Product Description: Effortlessly produce delicious juice from a wide array of fruits and vegetables using the Robot Coupe J80 juicer, featuring a spout that is perfectly positioned with 256 mm high-clearance to empty directly into a blender container. The powerful, resilient commercial-grade motor operates at a speed of 3,000RPM, meaning the juice oxidises less quickly that makes the juices particularly smooth and bursting with flavour. Also, the large 6.5L container slots neatly under the ejector to avoid pulp splashing onto the workplace. The basket can be removed for easy cleaning with no need of using a special tool.
