(11cm X 6cm)

# Mini Sensor Pad

PRODUCT CODE: MED-MS2-1

TGA Registered ID 223902 RCM Approved AS/NZS 61000.6.3.3012

Indigo Care provides the Mini Sensor Pad that can be used with any of our hardwired monitors such as the Deluxe or Voice Alert Monitor as well as with our wireless range. The mini pad can be used as:

- A call pad for those with less dexterity
- An out of chair sensor
- An alarm for someone when they first sit on the toilet
- An alarm for someone getting up from the toilet

Dimensionally small, this mini pad is great for anyone with limited movement. The pad can be placed around the wrist and pressure can be made by the palm of the other hand or it can be placed within reach of any part of the body that can apply enough pressure on the pad.

As a toilet sensor it can notify when a resident sits down or gets up from the toilet. It is also an economical out of chair pad which will notify staff when a resident gets up from their chair.

## KEY SPECIFICATIONS:

- Dimensions: 11cm x 6cm
- Velcro tabs to attach pad around wrist, toilet seat, or bed frame
- White PVC thickness 0.06cm
- Cord length 1.42m
- Usage Record on back of pad
- Easy to Clean
- Warranty: 12 months

## PRODUCT ACCESSORIES:

- Deluxe Anti Tamper Monitor
- Voice Alert Monitor
- Wireless Transmitter
- RRU-Receiver Unit for wireless transmitters
