

POWERED STAIR CLIMBER

ZW7200G

1. Introduction

2. Safety instructions

3. Operation

DESCRIPTION

With capacity of up to 200Kg, ZW7200G will allow you to transfer awkward cargo up and down stairs with just a single operator. It can carry printers, home appliances, furnitures and other goods without any effort. It can help you save huge labour costs.

Solid tyres, brake system, Intensive Aluminum alloy frame, simple touch button control, rechargeable battery, higher load make it more and more popular.

TECHNICAL DATA

Model: ZW7200G

Net weight: 28.8 kg

Weight of Battery: 3kg

Maximum Capacity: 200kg

Battery capacity: 46-103 floors

Climbing Speed: 24 steps/min (Slow)

34 steps/min (Fast)

Overall Size: 1590mm*545mm*540mm

Main material: Aluminum alloy

Battery type: Lithium battery

Charging Voltage: 100V-240V

Charging time: 3 hours

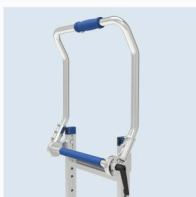

Noise: < 70dB

Brake: Yes

Protection level: IP54

Fold Size: 1195mm*545mm*308mm

PRODUCT DETAILS

Handle

Rotating operation, adjusting angle, folding, seeking the suitable angle

Run button

Point touch operation button, easy to operate and ensure the safety

Battery

Fast plug design, independent switch to safe, display capacity and voltage

Upstairs/Downstairs Button

Choose the up/down mode

Support Wheels

High-abrasive and anti-slip support wheels with polyurethane material

Loading Board

Foldable loading board, space-saving

Fast/Slow Button

Choose the speed

Brake System

Automatic detect staircase edge when downstairs

APPLICATIONS
