

COST EFFECTIVE SYSTEM COVERING ALL STANDARD URODYNAMIC EXAMINATIONS

UNIQUE WIRELESS CONNECTION
AT 915 MHZ ENSURES STABILITY
AND NO SIGNAL DROPOUT

COMPATIBILITY WITH DIFFERENT TYPES
OF THE PRESSURE MEASURING SYSTEMS

Melody

is a small compact system
for complete urodynamic
examinations.

The unit is equipped
with 5 measuring channels,
an output for a profilometric
puller and inbuilt
cystometric pump.

Melody enables wireless
or USB connection
with a laptop or standard PC.

Available accessories meet
the high standards
of the demanding clinical
environment and enable
easy handling during
the examination.

Melody unit can
be mounted either on
a table stand or on an infusion
stand and easily moved into
position and convenient
for compact storage.

The infusion stand is specially
designed for use with
MMT urodynamics systems
and includes a second pole
to allow full range transducer
adjustment as well as infusion
bag hooks.

Accessories can be fixed
at any height and easily
removed.

Braked wheels ensure patient
and system safety.

MMT URODYNAMIC
SYSTEMS ARE
COMPATIBLE WITH
A WIDE RANGE
OF ACCESSORIES

Melady

WIRELESS PATIENT UNIT

Portable, wireless Harmony provides additional wireless channels for use at the patient side, keeping cables out of the way.

PROFILOMETRY

MMT unique magnetic puller with customisable speed and resterilisable catheter holder.

VALSALVA LEAK POINT PRESSURE*

Flexible camera allows easy visualisation of urethral leaks.

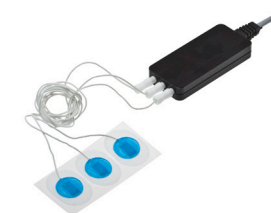

*Third party product

CYSTOMETRY

MMT cystometric pump and infusion weight ensure precise volume filling.

EMG / BIOFEEDBACK

EMG curve is smooth and precise thanks to an external preamplifier.

3D BLADDER SCANNER*

The portable, intuitive, and accurate bladder scanner provides real-time PVR information. The PVR value is available in seconds and saved into test reports automatically.

*Third party product

UROFLOWMETRY

The waterproof flow meter allows easy cleaning and disinfection. The lithium battery provides incredible battery performance for a truly wireless experience. No need for daily charging.

Different types of stand for flow meters available - height adjustable, designed to fit underneath the commode chair. Easy to assemble folding version allows easy travelling and more flexibility.

Lightweight and easy to clean commode chair for seated voiding, suitable also for videourodynamics procedures.
