

PRESCRIBED FOR PROGRESS™

# INTELLI-FIT™ CONSOLE

The most comprehensive system for experiencing even the smallest improvements — down to .1 increments across a broad range of metrics. Available in French, German, Italian, Spanish (Spain), Dutch, Korean, Portuguese, Japanese, Russian, Chinese, English, Arabic and Turkish.

#### EASY FOR EVERYONE

SCIFIT products offer the industry's lowest starting resistance, easy accessibility, and intuitive consoles, so it's easy to get moving.

### INFORMATION IS POWER

Console feedback includes watts, heart rate, time, RPM, calories, distance, level and METs.

#### TOUCH SCREEN

Tactile touch screen allows intuitive navigation and is easy to clean.

## FIT-KEY® OPTION

Customizes your workout and lets you take your progress with you.

Available in the US and Canada only.

#### SMART FITNESS SOLUTIONS

SCIFIT's comprehensive fitness solutions let users of all ages and abilities experience improvement at every level.

**ISO-STRENGTH**, a SCIFIT exclusive, provides resistance that mirrors the force applied by the user to safely accommodate individual strength needs.

**CONSTANT WORK** provides a steady workload measured in watts and METs to increase endurance and provide built-in limits as a safeguard.

**BI-DIRECTIONAL RESISTANCE** allows users to exercise forward and in reverse to recruit reciprocal muscle groups and allow longer workouts for greater results.

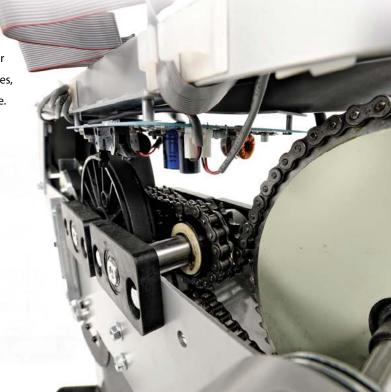

## BI-DIRECTIONAL RESISTANCE

Only SCIFIT changes directions — and lives — with bi-directional resistance in all its products.

# MADE TO LIVE LONGER

Our extremely durable equipment is designed for long life in high-use environments by elite athletes, uniformed personnel, bariatric patients and more.

- Industry's finest hybrid generator brake environmentally friendly and self-powered
- High performance roller chain and sprocket assemblies
- Precision machined, high-strength shafts
- U.S.-made, drawn cup roller clutch assemblies for smooth torque transmission
- Powder coated and plated components protect from perspiration and external elements
- Robust structural designs tested to the highest industry standards

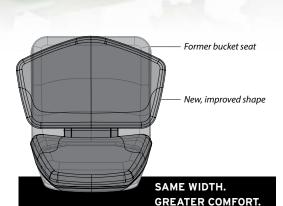

- Recline to any point within a 23° range
- Adjust forward and back on our level monorail for optimum control
- Select seat height from a broader 4.5" range/
   11 cm range: anywhere from 18.5"-23"/47 cm-58 cm
- Turn any direction with 360° swivel that locks at each 90° angle for safety

## SUPER ACCESSIBLE FOR PATIENTS -AND THERAPISTS

- Reach all adjustment levers from both sides for easy access
- 360° Therapist Assist Pedals let you adjust forward and back from any point around the equipment
- Integrated handle on seat back makes it easy to remove the seat on products with direct wheelchair access

## GREATER COMFORT AND DURABILITY

- Custom shape for reduced hamstring interference
- Stronger seat base for increased stability
- Premium, non-slip upholstery with a modern look
- 2-piece design for easy service and parts replacement

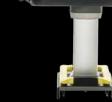

Designed to be the same comfortable width as SCIFIT's former bucket seat, this seat is ideally shaped to reduce hamstring interference.

ALSO AVAILABLE IN STANDARD AND BARIATRIC

Ван

The same great design with forward and back adjustability only. Ideal for fitness environments where minimal supervision is required.

Five inches/twelve cm wider with integrated side handles for added comfort and safety. Forward and back adjustability only.

#### MAKE EVERY MOVEMENT COUNT

SCIFIT's patent-pending Fit-Key® technology lets you create and use customized workouts on any SCIFIT product — and track your progress over time. With plug-in-and-go convenience, helpful prompts and precise documentation of wattage, heart rate and other metrics, it's like having a virtual trainer to monitor and motivate you for measurable improvement.

Your Fit-Key® USB drive uploads your exercise programs into the Intelli-Fit™ console of any SCIFIT product — and documents each entire workout using precise metrics. Available in US and Canada only.

SCIFIF
Prescribed for Progress\*

Fit-Key® makes it easy to prescribe specialized exercise programs and track compliance and improvement.

Whether you're looking for detailed results from an individual session or big-picture trends, Fit-Key® software's friendly graphics show progress at a glance.

#### **PRO SERIES**

**Versatility in Motion** 

SCIFIT PRO Series exercisers couple our ISO-Strength program with bi-directional resistance for a total strength and cardiovascular workout on one machine. Multiple options and accessories add to their versatility.

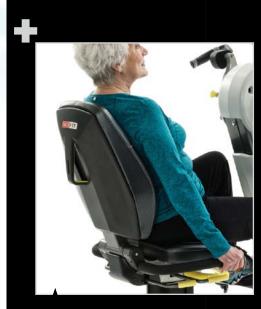

PRO Series products, with
their adjustable features and
accessibility, are the No. 1 choice of
rehabilitation and physical therapy
professionals. Durable PRO Sport
products offer the get-on-and-go
convenience popular in many facilities.
The PRO Series delivers safe,
accommodating resistance
that mirrors the wattage the user exerts

to meet them where they are.

# MAKE EVERY MOVE A VICTORY

Premium seat features a 23° range of recline.

#### PRO2® TOTAL BODY

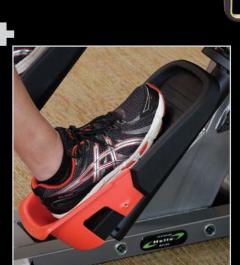

The industry's most versatile rehabilitation tool, the PRO2® is an upper-body exerciser and lower-body recumbent bike in one for a total-body solution.

- Dependent motion allows stronger extremities to assist weaker ones
- Adjustable upper and lower cranks: 3 length settings
- Easy access with true, adjustable step through
- Removable seat for wheelchair accessibility
- Premium, standard and bariatric seat options
- 360° therapist assist pedals on seats
- Bi-directional exercise
- ISO-Strength safe, accommodating strength program
- Very low starting resistance

See final pages for complete specs

# FINDING BALANCE

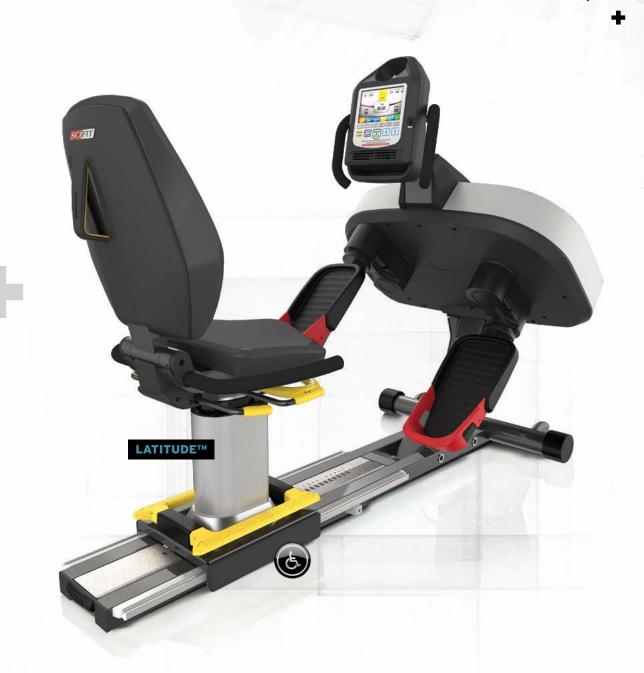

Unique lateral motion strengthens stability muscles from a sitting position.

The Latitude trainer helps people of all fitness levels build the muscles and confidence to stay active – in an easy-to-use, engaging way.

- Bi-directional circular motion activates muscles used for stability and side-to-side movements
- Builds the right muscles to help reduce the risk of falls
- Oversized, orthopedic foot pads with heel cups and foot straps add safety, comfort and visibility
- 191 levels of resistance, adjustable in .1 increments
- Step-through accessibility and highly adjustable seat that removes for wheelchair access

See final pages for complete specs

EQUIPMENT THAT
ADJUSTS TO PEOPLE,
NOT THE OTHER
WAY AROUND

Seat removes easily for direct wheelchair access. Americans with Disabilities Act compliant.

#### **STEPONE™** RECUMBENT STEPPER

Highly adjustable and accommodating, StepOne provides a smooth, total-body functional movement.

- Arm-to-leg movement encourages activities of daily living like climbing stairs
- User-defined stride with Intelli-Stride™ feedback for safe progressions
- Low starting resistance with 191 levels of resistance
- Arm length and hand grip rotation adjustment
- Premium, standard and bariatric seat options
