

Plinth Medical - 113BW Reclining Phlebotomy Chair

Access Health

RECLINING PHLEBOTOMY CHAIR

This manually adjustable phlebotomy chair features a synchronised head and leg rest for easy adjustment and swift recovery positioning. The standard phlebotomy arm rests are height adjustable and can be removed if required and the twin castor wheels can be replaced by fixed feet as an option.

KEY BENEFITS

- Powder coated fixed height steel frame for long life
- Manual synchronised adjustment of backrest and foot section angles
- The backrest is adjustable from 85° to -15° providing head-down patient recovery
- The foot section is manually adjustable from 10° to -90° to provide patient access from the front or side
- Supplied with a pair of multi-angular adjustable PU arms for blood taking procedures
- The PU arms are easy to clean and feature a sculpted design for patient security and are height adjustable for tall patients
- Deep 70mm comfort foam for increased patient comfort

- Lifetime frame guarantee
- 5 year parts guarantee
- 16 years average lifespan
