

GT[®] series

Smart shopping

GT[®]40 / GT[®]40 eco

Smart shopping

- > Convenient roller basket for quick shopping
- > Ideal for small city-centre stores or as an addition alongside the shopping trolley
- > Also available as environmentally friendly version made from recycled material

ALWAYS READY
The practical basket collection stand ensures neat and space-saving storage at all times.

GT40 / GT40 ECO
The practical roller basket is easy to pull and is the ideal addition to the shopping trolley.

Stored and ready

The recessed handles on the sides mean that the roller basket can be stacked easily and stably.

Quiet running

The robust castor wheels with TPE treads guarantee a low noise level in the store.

Your GT[®]40/GT[®]40 eco

Labelling and colours can be customised.

Anti-theft protection

To protect against theft, the GT40 / GT40 eco roller basket can be fitted with AM / RF goods security.

GT[®]40 / GT[®]40 eco

■ With the practical GT40 / GT40 eco roller baskets, shopping is truly fun. The sturdy construction of the pull-out handle and the robust basket are designed for daily use. Ergonomic recessed handles enable easy lifting. The high degree of transparency in the basket structure reduces stock losses through theft.

100% eco
The attractive basket of the GT40 eco is made entirely from environmentally friendly recycled material.

Attractive colours

The GT40 eco is available with four carefully selected handle colours. The basket is jet black.

- Blue**
- Green**
- Magenta**
- Orange**

43 LITRE BASKET VOLUME

The large roller basket is perfect for bulky goods. Its impressive features include its ergonomic design, its mobility, durability and low noise level.

GT40 ECO

The basket of the GT40 eco is made entirely from environmentally friendly recycled material.

GT[®]26 / GT[®]26 eco

Carry, push, convert

- > Shopping basket with ergonomic design
- > Attractive colour options
- > Available as environmentally friendly eco version

ERGONOMICALLY SHAPED
The semicircular design allows the basket to be carried close to the body to lighten the load.

TWO BASKETS IN THE PICK-UP
The Pick-up can hold up to two shopping baskets at once and transports them safely through the aisles.

Two designs

The basket base of the GT26 / GT26 eco is available in two versions: with a close-meshed structure or as a closed version.

Always ready

The practical basket collection stand ensures neat and space-saving storage at all times.

Even more individual

In addition to the standard designs, you can customise the labelling and handle colour.

Anti-theft protection

To protect against theft, the GT26 / GT26 eco shopping basket can be fitted with AM / RF goods security.

GT[®]26 / GT[®]26 eco

■ With the **GT26 / GT26 eco** shopping basket, spontaneous shopping trips and small top-up shops are truly fun: The ergonomic, semicircular design allows the basket to be carried close to the body to lighten the load. In the "GT[®]26 eco" version, the basket is made entirely from environmentally friendly recycled material.

100% eco
