

Electric Towing Tug – 6 Tonne Capacity with Tow Bar & Hitch

The KMT-T60 Electric Towing Tug is designed to safely and efficiently tow loads up to 6000kg in airports, warehouses, factories and other industrial environments. Compact and highly manoeuvrable, it provides a practical solution for moving heavy wheeled loads where space is limited.

Featuring a powerful electric drive system, adjustable front towing hitch and easy-to-use steering controls, the KMT-T60 can both pull and push loads with minimal operator effort. Battery-powered operation provides quiet, reliable performance for industrial towing applications.

Features

- 6000kg towing capacity
- Adjustable front towing hitch for quick and secure connections.
- Suitable for pulling and pushing wheeled loads.
- Powerful 24V electric drive system.
- Easy-to-use steering handle with conveniently located controls.
- Battery level gauge.
- Large tyres for improved traction.
- Heavy-duty steel construction.
- Durable powder-coated finish.
- Compact design for confined work areas.
- Batteries and battery charger included.

Specifications

Model		KMT-T60
Towing Capacity	(kg)	6000
Drive Motor	(V/W)	24/2200
Controller		CP1232B-2321
Battery	(V/Ah)	2×12/120
Charger	(V/A)	24/15
Travel Speed (No Load)	(km/h)	2–3
