

CEMEN TECH M SERIES CONCRETE MIXER

PERFORMANCE, DURABILITY, RELIABILITY

Whatever the job, Antec has a mixer to suit, like the Cemen Tech M Series mobile mixer, which offers you:

DURABILITY – Suitable for any location and on any type of job site.

FLEXIBILITY – Unlimited concrete applications and specialised options. Fulfil any job!

CONTROL – Quality, quantity and schedule.

SAFETY – No-slip work platform, high illumination LEDs and wireless remote.

SUPPORT – Exceptional support and back up.

MODELS

M15	M30	M30X	M60	M90
CARRYING CAPACITY				
2.29 m ³	3.82-4.59 m ³	6.12-7.65 m ³	6.12-7.65 m ³	7.65-9.18 m ³
WATER TANK				
871 L	984-1,628 L	1,628-1,930 L	1,628-1,930 L	1,930 L
CEMENT BIN				
0.85 m ³	1.42-1.84 m ³	2.41-3.26 m ³	2.41-3.26 m ³	3.26-3.96 m ³
PRODUCTION RATE*				
11.47 m ³ /hr	22.94 m ³ /hr	22.94 m ³ /hr	45.87 m ³ /hr	68.81 m ³ /hr

*Measurements provided are approximations

STANDARD FEATURES

TWO-SPEED CEMENT BIN

Easily switch between concrete mixers and flowable fill applications.

SAND, STONE & CEMENT BIN VIBRATORS

Ensure materials are delivered at a consistent rate with pre-programmed auto-adjustable vibrators (excludes M15, M30, M30X).

DUAL AUGER CEMENT METERING

Take the guesswork out of pouring with consistent mix designs within +/-1 per cent every time.

PUMP MASTER AUGER WITH MAX LIFE BEARING

Homogeneous mixing auger for higher discharge height plus a greaseable bearing for extended life.

DIGITAL COUNTER

Calculate metres poured and track RPM of the conveyor belt with the Red Lion digital counter.

DIGITAL FLOW METERS

Simple controls with automated admix tank to ensure the perfect amount of admixture is used every time.

HEAVY DUTY ROLLER CHAIN

Engineering-class roller chain supports a vanner edge aggregate conveyor belt and protects the chain from debris to ensure accurate aggregate delivery.

OPTIONS

UPSIZED PACKAGE

Opt for a larger aggregate bin, water tank, and cement bin to increase production.

LATEX PACKAGE

For use with high-quality concrete mix designs that are used to overlay bridge decks (M30X and M60 only).

TRAILER

Make life even easier by mounting a mobile mixer on a trailer with an external engine.

POWER CHUTE LIFT

Accurately deliver concrete to finishers with the ability to adjust the angle of the discharge chute independently of the mix auger angle with a dual hydraulic chute.

WIRELESS REMOTE

Move about the job site while maintaining control of the mixer.

COLOUR SYSTEM

Introduce colour pigments into concrete for multiple applications.

TICKET PRINTER

All materials are metered and tracked throughout the pour to generate an accurate batch ticket.

ADDITIONAL ADMIX SYSTEMS

Add another admix system for mix designs requiring more than two admixes per job.

SPRAY-IN BIN LINER

Get extra protection and seal the inside of the aggregate bin with a heavy duty polyuria protective coating.

ABOUT ANTEC

Antec is a leading supplier of concrete equipment products for the mining, minerals processing, civil, construction and infrastructure industries in Australia and globally, with a 30 year history. Its philosophy is built on customer service, relationship building and aftersales support.

ABOUT CEMEN TECH

Cemen Tech, Inc. has 50 years manufacturing and engineering experience in the volumetric mixing industry with a reputation for the most reliable machines in the industry. It operates in more than 50 countries, services mixers across the globe, and supplies equipment to the United States military. www.cementech.com
