

## Introduction

The **Rack Mount Bracket BA-PX12** is specially designed for PALUNII TX (Green). Up to 12 units of PALUNII TX can be installed on the bracket. Before installing, please ensure you have the following items in the package.

Rack Mount Bracket BA-PX12 x 1

Small Screw  
(Black) x 24

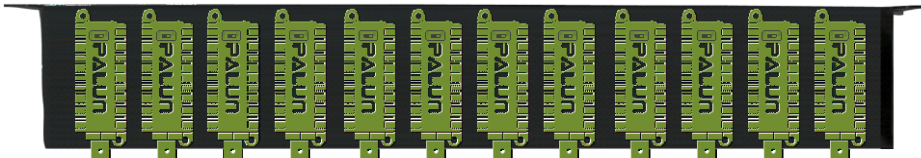

Screw with  
Washer x 2

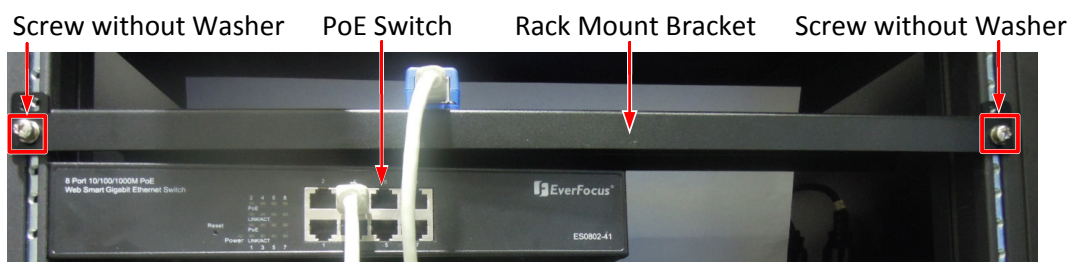

## Suggested Installation Steps

1. Screw a PALUNII TX (Green) on the **Bracket** with the supplied 2 **Small Screws**. Up to 12 units can be installed.

Suggested Installation

2. Connect a BNC and Network cable to the PALUNII TX.
3. Screw the **Rack Mount Bracket** on the rack mount cabinet tightly with the supplied 2 **Screws with Washers**.
  - a. For rack mount cabinet with screw holes, you can simply use the Screws **without** Washers.

- b. For rack mount cabinet with no screw holes but mounting holes, use the **Screws with Washers**.
