Thaya Cold Display

The Thaya cold is a modern and flexible refrigerated food display solution. Thaya is fully enclosed and is available as a benchtop unit (Meaning you literally place on your bench, plug in and use) and is also able to be built into joinery for a sleek, modern look.

The Thaya refrigerated cabinet range comes in four sizes to suit almost any business and has a sleek modern design. Designed and manufactured in Europe from quality stainless steel you can be assured of its superior quality. Thaya is also available in matching heating models meaning you can compose a complete line-up of cabinets for your business.

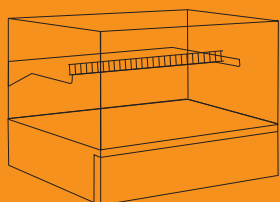

Features:

- Multi-tier design displays more food with less counter space
- Drop-in or benchtop installation
- Quality stainless steel construction
- LED lighting
- Removable shelves for flexibility of display and easy cleaning
- Forced ventilation and cooling
- Automatic defrosting and evaporation
- Available in four sizes
- Available in matching heated units for a complete line-up solution
- Single glazed cabinet rated to 25°C ambient, 60% relative humidity
- Adjustable feet
- Removable front panel allows unit to drop into bench top for seamless look
