

Aluminium Platform Trolley with Brakes - 550kg Capacity L915xW610mm (Optional Additional Handle Available)

This premium aluminium platform trolley is engineered for durability, versatility, and ease of use. Ideal for laboratories, pharmaceutical environments, healthcare facilities, cold storage, offices, stockrooms and warehouses, it delivers the perfect balance of strength, hygiene, and manoeuvrability.

Features

- **Heavy-Duty Construction:** Designed to withstand tough working conditions and frequent use.
- **Checker Plate Deck:** Non-slip checker plate surface helps prevent items from sliding during transport, enhancing load safety.
- **Lightweight & Corrosion-Resistant:** Made from aluminium, offering excellent resistance to rust while remaining easy to handle.
- **Reinforced Frame:** Box-frame design crafted from high-strength, all-welded aluminium for added durability and stability.
- **Smooth Mobility:** Equipped with two fixed and two swivel HOD castors (with brakes) for effortless movement and precise control.
- **Dual Handle Sockets:** Corner sockets at both ends allow handles to be fitted on either side for flexible operation.
- **Optional Extra Handle:** Additional handle available separately for increased versatility- see below to add this option.

Optional 2nd Handle
