

## FEATURES

- Versatile and easy to fit
- Hexagonal design allows tightening with a wrench
- Lock PCB securely into place
- Mild steel material for mechanical strength and resistance to high-temperature environments
- Nickel plating for resistance to corrosion

## RS PRO Steel Hex Standoff Male/Female, 50mm, M6 x M6

RS Stock No.: 806-6689

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

### Product Description

From RS Pro a range of robust, high-quality hexagonal shaped standoffs made from zinc plated mild steel with a metric internal thread or threaded stud on either end. These versatile standoffs are designed to securely mount your PCB as well as elevating it from other components such as the inside of a computer chassis or another PCB. They are also ideal for improving airflow space around components when the equipment becomes hot. These stand-offs are available in a range of different heights and threads sizes to suit a wide range of PCB applications.

### General Specifications

<b>Gender Type</b>	Male/Female
<b>Material</b>	Steel
<b>Body Shape</b>	Hex
<b>Finish</b>	Nickel Plated
<b>Plating</b>	Nickel
<b>Application</b>	Consumer electronics, office machinery, Datacom's and telecommunications equipment.

### Mechanical Specifications

<b>Body Length</b>	50mm
<b>Thread Size</b>	M6 x M6
<b>Stud Length</b>	10mm
<b>Thread Size A</b>	M6
<b>Thread Size B</b>	M6
<b>Hex Size Across Flat</b>	10mm
<b>Hole Depth</b>	15mm
<b>Internal Thread Size</b>	10mm

### Approvals

<b>Compliance/Certifications</b>	EN61340
