

# Silvercut 16 Electric Hydraulic Rebar Cutter (Top Handle)

Innovators in  
Precision  
Hydraulic Rebar  
Cutting Tools &  
Equipment

Designed for cutting 16mm high tensile material Silvercut 16 electric hydraulic rebar cutter features a powerful 230V motor which drives the precision radial hydraulic pump to produce 13 Tons of cutting force.

The Silvercut 16 is reliable for continuous use on building sites or factory operations. This unit is fitted with a user friendly top handle grip for carrying between jobs or worksites easier.

This unit is the perfect choice for bench mounted production workshops & applications.

The Silvercut 16 top handle cutter is designed and precision manufactured in Italy to the highest of ISO commercial standards.
