

Surevac PRO 1600

190491 - 0-1600 psi portable extractor

- The main body is constructed from a combination of high-quality marine-grade fibreglass and aluminium, which provides a durable and compact portable extractor for easy use.
- Operating pressure can be adjusted from 0-1600 PSI allowing for soft furnishing cleaning through to tile and grout cleaning.
- Dual twin stage vacuum motors are utilised providing ultimate suction shortening the drying time of carpets.
- An inbuilt tank heater is featured inside the solution tank.
- Inbuilt safety features are included preventing any potential pump damage.
- Automatic fill for solution water is standard.
- An automatic waste dumping pump is featured for large areas of cleaning, meaning no stopping to empty or filling tanks.
- The under-carriage castor design allows for easy maneuvering across multiple flooring surfaces.
