Mobile Printers for Your Industry

mPOS – designed to create the ultimate, flexible mobile experience!

Why Star? Pioneering innovation at every level!

Once again, Star is introducing new features that the retail market needs for mobile transactions which nobody else can offer. With features and technology that will enhance your customer's buying experience, Star provides a mobile POS solution that is unrivalled today.

Bluetooth 4.0 for Multiple iOS, password-free Device Connection

The only two printers on the planet to feature the latest BLE / 4.0 technology are Star's SM-L200 and SM-L300. 4.0 technology simplifies in-store use as pairing is not required and multiple iOS tablets can be used to produce receipts from the one printer, as opposed to the usual Bluetooth pairing rule of one printer to one tablet.

USB Charging avoids the need for large, specialised power chargers which can run from a terminal, plug or cradle option. Star's long-life batteries run printers lasting from 13 to an amazing **43 hours**, printing a receipt every 5 minutes.

PRICE! Star provides all this at a price that will surprise you. Just check out our resellers online to see how you can benefit from these extra features and functionality without breaking the bank!

UK 02.19

4" SM-T400i with Label Facility

- 1.5m drop reliability
- Maximum 31 hour battery life, printing at 5 minute intervals
- SM-T301i with 1&2 track magnetic stripe reader version

Labelling for all Environments...

What size do you need?

Star's high quality printers offer a variety of print widths from 32 to 104mm

BUT DON'T FORGET...

Star's mobile printers can print high quality graphics, text and barcodes in landscape or portrait format, allowing you to print the label length you need or smaller labels in a two label per row format.

For more information about labelling with our mobile printer range, please contact Star at support@star-emea.com

104mm (SM-T400i) (landscape label/ticket)

80mm (SM-L300)

40/48mm (SM-L200)

Compact, lightweight printers for so many labelling environments:

- ▶ Shelf Edge labels
- ▶ Food labelling
- ▶ Logistics
- ▶ Pricing & Barcodes
- ▶ Swing Tickets
- ...you name it!!

Star's unique and innovative approach is demonstrated by its latest SM-L printers offering traditional Classic Bluetooth connectivity as well as Bluetooth 4.0 (Bluetooth Smart/BLE). BLE breaks all the normal "one-to-one" Bluetooth rules and can communicate with multiple iOS devices (no Pin required). *Perfect for environments where multiple iOS tablets are needed, but just one printer.*

• Please note Android and Windows will only connect via traditional Bluetooth 2/3

NEW

58mm SM-L200 Traditional & Liner-Free Label/Receipt Printer

Compact, Bluetooth Classic & Smart, Low Cost 2" (58mm) BT/BLE

- High resolution 203 dpi and 35mm/second print speed
