

EnduroVac

Industrial Vacuums

AUSTRALIA'S TOUGHEST GUTTER VACUUM SYSTEM

If your business is mostly industrial and you're looking to significantly increase your job capacity, look no further. Driven by the largest engine of all gutter cleaning vacuums in the country, the Enduro series brings power, big hoses and big potential. And like all TradieVac products, the Enduro is built from the ground up with reliability top of mind, so it always starts, powers through a job, and gets you on to the next site as fast as possible.

Strong enough for excavation work

The best warranty in Australia

Add a hose, hose reel, vacuum wand and tools, extra drums or larger debris collection tank to complete your package.
