

Your risk free money back guarantee

- Experiencing empty or poorly maintained emergency spill kits?
- Lack of reporting and documentation?
- Inconsistent supply lines and pricing?

Let us manage your existing emergency kits for you, regardless of how many you have and the condition they are in for the low annual fee of \$480.00 per year plus GST

We will come to your site quarterly (4 x visits per year) and bring all your kits up to standard. This includes vehicle kits regardless of quantity. We ensure they are correctly positioned, identified, tagged, cleaned and refilled then closed with a tamper evident seal. You will then receive a detailed electronic report listing per kit with the materials we have replaced.

The benefits to you include:

- No freight costs as we bring all replacement product to site and refill on the spot
- Replacement products supplied at competitive rates
- Our service technicians are tertiary trained and can make recommendations whilst on site for any other environmental issues that concern you
- You will have detailed documentation to show you comply with WHS regulations and environmental protection legislation and that you are demonstrating due diligence
- We are operating in every state and can manage all of your sites, regardless of where they are located
- This essential program has been successfully implemented for over 25 years to thousands of clients around Australia

You have nothing to lose and everything to gain. With a low investment service fee of \$480.00 per year (\$9.00 per week) sign up for the program and we will sort out your site.

If you are not totally satisfied after the first visit, let us know and we will refund the full amount of the annual service fee back to you. No questions asked!

Give it a try, so please call us now on 1300 554 180

Frequently Asked Questions

How do I start the program?

We just need a purchase order or written go ahead from you to engage us for the service program

When will I be charged for the service?

Nothing is charged to you until our service technicians come to site and your site representative has approved the report

When will I get my electronic report?

Once the emergency spill response equipment on site has been brought up to standard and signed off, the detailed report and invoice for the annual fee and the products replaced will be sent your nominated person for payment

If I don't want to continue with the service program?

If for whatever reason you feel that the service should not continue, you will need to notify us in writing within seven days of the first service. A credit will be applied to the invoice for the annual fee, which will leave any restocked items outstanding on your account for payment

Can the service program visits be increased or decreased?

Yes this program is fully flexible. If you require monthly visits or just six monthly visits, the annual fee can be adjusted to suit your needs

Can we utilise your service technicians whilst on site for environmental advice?

Yes of course, our technicians are tertiary qualified and we are happy to assist you to reduce your environmental risk

Are there other services Absorb Environmental Solutions offer?

Yes we manufacture and supply a whole range of products. We conduct onsite spill response training, dangerous goods storage and bunding surveys, emergency eyewash/shower servicing and we have also introduced a unique first aid kit service program as well. Please contact us if you would like more information on these other services

Please call us and give this great service a try. You won't be disappointed!
