Elkay® Space-ette with foot pedal activation
Freestanding drinking fountain with foot pedal activation
Product Code: EFA8SP2YJO (30LPH)

The Elkey Space-ette with foot pedal activation is a premium, space-saving freestanding drinking fountain ideal for indoor public environments.

The unit is operable through foot pedal activation which reduces the chances of cross contamination at touchpoints. It has a Flexi-Guard anti-microbial drinking fountain nozzle infused with pliable polyester elastomer that flexes on impact. The extra-deep basin is designed to minimise splashing, while the concealed internal drainage and quality material finishes make the Space-ette the perfect solution for commercial offices, factories and warehouses, gyms and educational facilities and health centre environments.
