# Chieftain Base Mounted Variable Speed Screw Compressor

## MODEL FC3000V

- 5-year warranty
- Oversized cooling system and a silent axial flow fan ensure accurate and powerful temperature control
- Phase Reversal Protection, Overheat Protection, Motor TH Protection, Emergency Stop Protection, Over Pressure Protection
- Quiet full load operation – standard conversation can be held right next to the machine.
- Double bearing quantity installed in Airend and Oil lubricated motors to ensure the long life of the compressor
- Permanent Magnet Motor is ideal for saving energy, reducing wear, and handling variable loads smoothly

### SPECIFICATIONS

| Model                    | Motor Power       | Pressure (BAR) | Flow Rates (CFM) |
|--------------------------|-------------------|----------------|------------------|
| <b>FC3000V</b>           | 220KW             | 8              | 1284             |
|                          |                   | 10             | 1125             |
| Decibel Rating           | 65db              |                |                  |
| Fixed/Variable Speed     | Variable          |                |                  |
| Drive Type               | Direct Coupling   |                |                  |
| Outlet Size              | DN100             |                |                  |
| Dimensions L/W/H         | 3450/2000/2150 MM |                |                  |
| Tank Size                | N/A               |                |                  |
| Weight                   | 5800KG            |                |                  |
| Circuit Breaker Required | 460 AMPS          |                |                  |

**NOTE:** All stocked compressors are 8bar standard.  
All Circuit Breakers must be D Curve.
