

# The Flo family

flo™

Market leading ergonomic solutions to meet your technology challenges

Flo effortlessly combines sleek aesthetics with excellent functionality. The Flo family offers a range of solutions designed to meet the technology challenges in the commercial office environment.

Be it single or dual screen, large screen formats or laptops, the Flo family provides an unrivalled ergonomic solution. And as the market leader in its class, Flo is more environmentally friendly, better looking, and a better performing product than any of its competitors.

**GREAT DESIGN, GREAT PERFORMANCE**

Flo's unique design offers a range and ease of movement that sets it apart from all other monitor/laptop supports.

Achieved by the use of geometric Flo Spring Technology, its unique design is protected by four international patents. And it is this commitment to innovation that is the cornerstone of Flo's performance: Flo offers smooth fingertip adjustability ensuring minimum effort is required by the user to position the screen.

As a winner of the Red Dot Award for product design, Flo represents an evolution in the design of monitor and laptop supports, offering a range of features and benefits that no other product currently on the market comes close to matching.

**THE SELF-BALANCING D-RING**

Ensures unrivalled screen stability in either portrait or landscape configuration, preventing unwanted 'bounce' and screen movement. Enjoy a 48.5° tilt both up and down and a 90° rotation to the left and right.

**WEIGHT GAUGE**

When installing multiple screens, simply set the perfect tension on one screen and record the setting. Replicate the setting on all further screens for a huge time saving!

**EASY PORTRAIT TO LANDSCAPE SCREEN ORIENTATION**

With minimal effort and no affect on stability, the screen can be rotated from portrait to landscape and vice versa.

**SINGLE POINT ADJUSTMENT FOR PERFECT PERFORMANCE**

Flo can be easily adjusted using an allen key to set the optimum spring tension to the screen weight.

**INTEGRATED THREE-POINT CABLE MANAGEMENT SYSTEM**

Creates a neat and tidy workstation.

Colebrook Bosson Saunders (CBS) are award-winning designers and manufacturers of high quality ergonomic products for supporting technology in the workplace.

Our product range includes: monitor arms; CPU holders; laptop and tablet supports; AV/VC stands and cable management systems.

With a strong reputation for design and quality, CBS has won multiple awards including two Red Dot Design Awards, and secured ISO 9001 and ISO 14001 accreditation.

**INSTALLATION TIME**

Flo can be installed perfectly in just over three minutes. A 50 per cent reduction on its closest competitor.

**ENVIRONMENTALLY-FRIENDLY PRODUCT FOR LIFE**

With a lifetime-guarantee, Flo is designed to use minimal parts, 100 per cent of which can be recycled.

**EXTENSIVELY TESTED**

The performance of the Flo monitor arm has been independently verified by completing FIRA test certification for severe use (over 50,000 motion cycles).

The world's market leading monitor arm, perfect for use in any office or workspace.

Flo's primary purpose is to support a single screen/monitor but due to its ingenious design, it can be easily customised to support a laptop.

Flo is a truly ergonomic product, the unique range of design features provides an unrivalled user-experience that improves health and well-being while increasing work efficiency.

**TECHNOLOGY OPTIONS**

**TECHNICAL SPECIFICATIONS**

- Monitor weight range: 3-9kg
- Arm reach: 581mm (22 3/4") for desk clamp versions, 591mm (23 1/4") for slatwall
- Vertical adjustment: 341mm (13 1/2")
- Monitor head: VESA 75 and 100 compliant
- 180° stop function/360° capability
- Available in silver, white and black

**CLAMP OPTIONS**

Use two Flo arms with a single desk clamp to support a screen alongside a laptop, or dual screens if you prefer.

Flo Dual is designed to cater for the increasing number of technology configurations in the workplace. Two Flo arms are attached to the desk by a single clamp, meaning that a single screen can be combined with a laptop or dual screens can be implemented.

**TECHNOLOGY OPTIONS**

**TECHNICAL SPECIFICATIONS**

- Monitor weight range: 3-9kg
- Great manoeuvrability with 581mm (22 3/4") reach and 341mm (13 1/2") of vertical height adjustment
- Monitor head: VESA 75 and 100 compliant
- 180° stop function/360° capability
- Available in silver and white

**CLAMP OPTIONS**

# Flo Modular is our most flexible and dynamic multi-screen solution.

Mounted onto the Wishbone post system, it provides a scalable solution for projects that can evolve over time and with user requirements where retro-fitting additional screens is required.

The incorporation of a post allows users to easily switch between using one or two arms. Through the use of a Wishbone C-Post, Flo Modular can support a triple screen cockpit for 22" screens in landscape or 24" screens in a portrait configuration. A second tier can be created by extending the length of the Wishbone post. Multiple configurations include dual, triple, quad and hexa.

### TECHNOLOGY OPTIONS

### TECHNICAL SPECIFICATIONS

- Scalable solution: Easy to add and remove arms
- Supports single, dual and multiple screens
- Can be mounted at a range of heights on a single post
- Monitor weight range: 3-9kg per arm
- Great manoeuvrability with 677mm (26½") reach and 341mm (13½") vertical height adjustment
- Monitor head: VESA 75 and 100 compliant
- 90° stop function
- Available in silver and black

### CLAMP OPTIONS

## Support large single screens to a weight limit of 18kg.

With a maximum screen weight limit of up to 18kg, Flo Plus is the most environmentally-friendly and reliable product of its type.

Unlike most rival arms in its class, Flo Plus is able to use spring technology (as opposed to a gas strut which fails after an average of five years usage and is environmentally-unfriendly). The use of adjustable spring technology also ensures that the heavier screen can be perfectly balanced.

### TECHNOLOGY OPTION

SINGLE SCREEN

### TECHNICAL SPECIFICATIONS

- Monitor weight range: 8.5-18kg
- Great manoeuvrability with 649mm (25½") reach and 331mm (13") of vertical height adjustment
- Monitor head: VESA 75 and 100 compliant
- 180° stop function/360° capability
- Available in white ◊

### CLAMP OPTIONS

FLO PLUS SPLIT

FLO PLUS TOP MOUNT

## Support dual monitors up to a maximum weight of 16kg in either flat-screen or cockpit configuration.

Flo Plus Dual is designed to support dual monitors to a maximum combined weight of 16kg. It allows two widescreens of up to 24" in size to be mounted in either portrait or landscape position.

Both heads have fine height adjustment, ensuring that screens can be perfectly aligned. The screen support heads have been designed to be reversible, enabling the user to install the screens in a 30° cockpit or flat screen setup by simply swapping the heads around on the support bar.

### TECHNOLOGY OPTION

TWO SCREENS

### TECHNICAL SPECIFICATIONS

- Dual monitor weight range: 3.25 - 8kg per screen
- Easy screen exchange from cockpit to flat setup
- Levelling feature ensures finished installation is perfectly horizontal
- Adjustable handle assists in easy movement of installed screens to convenient viewing position
- Great manoeuvrability with 649mm (25½") reach and 331mm (13") of vertical height adjustment
- Monitor head: VESA 75 and 100 compliant
- 180° stop function/360° capability
- Available in white ◊

### CLAMP OPTIONS

FLO PLUS SPLIT

FLO PLUS TOP MOUNT

## The Laptop Mount provides an improved ergonomic solution for laptop users when office based.

Removing the laptop from the desk creates additional space that can be used for an external keyboard, and the dynamic movement created by Flo means the laptop screen can be easily raised to the correct height for the user.

When used in conjunction with Flo Dual the laptop can easily be used in conjunction with a screen.

### TECHNOLOGY OPTION

LAPTOP MOUNT

LAPTOP MOUNT WITH DOCKING STATION

### TECHNICAL SPECIFICATIONS

- Easy to use laptop mount solution
- When mounted to a CBS monitor arm, the angle can be manipulated to suit individual user requirements
- Adjustable retaining arms to allow for different laptop thicknesses (7 to 39mm)
- Can be mounted on any VESA plate or CBS quick release plate
- Available in silver or white
