

Industrial Reel Drum Roller / Cable Drum Winder Forklift Attachment - 2000kg Capacity

Effortlessly handle heavy or large-diameter cable spools with the MTYX-2 Industrial Reel Drum Roller / Cable Drum Winder, designed for use with forklifts. Built for industrial environments, this forklift attachment allows safe, efficient lifting, moving, and positioning of cable drums up to 2000kg, saving time and reducing manual handling risks.

Features

- **2000kg load capacity** – ideal for heavy or large-diameter cable reels.
- **Forklift attachment** – easily mounts on standard fork arms with a max width of 150mm.
- **Cradle design** – fits spindles up to 78–80mm diameter for secure support.
- **Supplied spindle** – 75mm diameter x 1315mm long, ready to use.
- **Locking bolt** – keeps drum lifter securely in position on the forklift.
- **Adjustable design** – accommodates coil diameters from 300–1000mm and widths from 300–750mm.
- **Powder-coated finish** – durable, high-visibility industrial coating (colour may vary).
