Indigo Care has designed the Easy Grip Two Button Nurse Call Pendant with the elderly resident in mind. This model is better suited to fit in the palm of your hand and will allow the patient to grip the handle more easily. With its aesthetic and lightweight design, yet durable construction, the pendant looks and feels great and is easy to use. There are two buttons, one to call and the other to turn on a light. The big push call button is green and easy to see. The button that turns on the light is yellow. The pendant is backward compatible with most existing systems in the industry.
