

# EcoTeq Fleet Solutions

EcoTeq Fleet Solutions offer the ultimate flexibility to get the mowing equipment you need now, without the upfront capital investment or the ongoing challenge of maintenance and repairs. In one fixed monthly payment, you not only have the equipment you need but also the peace of mind knowing it will be serviced and supported—without hidden costs or surprise breakdown repair expenses.

# ENJOY THE FLEXIBILITY OF ECOTEQ FLEET SOLUTIONS

## Set your capital free

Without the up-front capital investment, increasingly tight CapEx budgets remain intact, and procurement processes are simplified.

## Flexible plans to suit any budget

Terms are flexible, from 12 to 36 months duration.

## Manage cash flow

Fixed monthly payments alleviate pressure that sizable up-front costs can place on cash flow and are typically tax-deductible\* too!

## Maximise performance, minimise operating expenditure

Maintenance costs are kept in check with scheduled servicing, ongoing operator training, and technical support included in your plan.

## End-of-life without a second thought

Avoid the hassle and expense of recycling and disposal of capital equipment. Simply return the machine at the end of the term.

## The latest equipment

Keep your operators happy with the latest and greatest equipment. Simply renew your plan at the end of each term to upgrade your equipment—without the hefty price tag.
