

PD 185

185 CFM Skid Mounted Diesel Compressor
Premium Yanmar Motor
Built in Aftercooler and Filtration Pack as Standard

PD185

Compact Power, Maximum Versatility

The PD185 diesel air compressor delivers reliable performance wherever your work takes you. Compact and powerful, it is equipped with a high-performance aftercooler and an advanced filtration system, ensuring clean and efficient air delivery for even the most demanding tasks.

- **Key Features:**
 - **Efficient Power:** The trusted Yanmar diesel engine ensures consistent performance and low fuel consumption, reducing operational costs and environmental impact.
 - **Built for Portability:** Lightweight design with an optional trailer-mounted configuration for effortless transport to any site.
 - **Simplified Maintenance:** Easily accessible service components reduce downtime and improve productivity.
 - **Skid-Mounted Configuration:** Delivered in a skid-mounted configuration designed for enhanced stability during operation. The skid-mounted design reduces vibrations, increases durability, and eliminates the need for frequent repositioning, making it ideal for semi-permanent or fixed installations
- **Sustainability Advantage:** Designed with fuel efficiency in mind, the PD185 minimizes emissions, ensuring compliance with stringent environmental standards. Its compact size also reduces material usage and promotes efficient resource consumption.
- **Warranty:** Backed by a comprehensive 18 Month Warranty on the compressor and a 2-year warranty on the engine, providing peace of mind and assurance of quality.

Whether you're on a construction site or working in a mobile capacity, the PD185 combines power, reliability, and environmental responsibility in a compact package.

Technical Specifications		
Free Air delivery	CFM	185
	m3/min	5
Normal Working Pressure	Bar	7
	Psi	102
Dimensions	L (mm)	2130
	W (mm)	1316
	H (mm)	1281
Weight	Kg	1200
Size and No. Of Outlets	3	3/4"
Diesel Engine		
Manufacturer	Yanmar	
Model	4TNV94L	
Power Rating	Kw	34.6
	Hp	47
Fuel Tank Capacity	L	70
Fuel consumption at 100% load	L/HR	9-11
