

HP-3 Hydraulic Hole Puncher

Innovators in
Precision
Hydraulic Hole
Punching Tools
& Equipment

**MADE IN
JAPAN**

The HP-3 is a fully hydraulic hole puncher, made in Japan by Kamekura this precision manufactured tool will give a life time of reliable service to any tradesman requiring to penetrate holes in sheet metal, stainless steel & aluminium.

The HP-3 boasts the following features:

- Max. Punching Capacity: 2.4mm Stainless Steel, 3.2mm Mild Steel & 6.0mm Aluminium Plate
- Max. Punching Force: 10 Ton
- Weight: 4.5Kgs
- Punch & Die Set Sizes: 15.2mm to 120mm (Round), 20mm to 50mm (Square)

The HP-3 is a portable unit weighing only 4.5kgs with an out put performance at 10 ton capacity. A powerful and easy unit to operate which requires little effort and allows a professional finish on the job with no damage to finished painted products.

The unit has been specially designed with a vast amount of accessories available. Cutting dies of all Kamekura manufactured products are made in Japan and are designed to the highest quality against wear and tear for long life under normal working conditions.

Punch and dies provide strong resistance against wear, especially when working with stainless steel.

Lightweight, Portable & Easy to Use
