

# TW19 Pre-Stressed Cable/Strand Cutter

Innovators in Precision Hydraulic Cable Cutting Equipment

**MADE IN ITALY**

For professionals that demand the best, the TW19 cable/strand cutter is ideally used to cut 16mm pre stressing cable with ease.

The TW19 electric hydraulic cable cutter boasts a powerful double insulated motor that drives the precision designed radial hydraulic pump which produces 25 Tons of hydraulic force when in operation. The TW19 is reliable for continuous use on building sites or production based operations.

This unit is fitted with a special trigger grip to make working and carrying between jobs or worksites easier. The TW19 cable/strand cutter is ideally used to cut 16mm pre stressing cable. This tool designed & precision made in Italy and is available from Stainelec Hydraulic Equipment.
