

PROVEN PERFORMER

On-Premises Laundry

LDEE7R (electric dryer), LDGE7R (gas dryer)

Top loading washer features

- Extra large capacity stainless steel tubs keep clothes looking their best
- Advanced suspension system eliminates the possibility of an unbalanced load
- Commercial quality transmission offers highest quality and durability
- Multi-cycle controls provide washing options to fit your laundry needs

LARGE DOOR
OPENING

LOW ENERGY
CONSUMPTION

COMPACT
DESIGN

ROBUST
DESIGN

Single dryer features

- Durable galvanized steel cylinder with an extra-large 198 litres of volume
- Efficient dryer heating with 5,000 kCal (gas models) and up to 4,000 Watts (electric models)
- Large, easy-to-clean lint compartment
- Reversible door
- 1913.8 sq. cm door opening is the largest in the industry, providing easy loading and unloading

Controls

Top loading washer Electronic Control

The Electronic Control keeps users informed throughout the wash process with cycle status lights and a digital cycle countdown. Users also have the flexibility to control temperature, load type, and soil levels, as well as the option of a pre-wash and/or additional rinse to achieve high levels of efficiency.

Single dryer Electronic Control

The Electronic Control keeps users informed throughout the drying process with cycle status lights and a digital cycle countdown. Automatic (moisture sensing) cycles come standard.
