Granite Slush

NEW!

Re-inventing the world of beverage dispensers

FROSTY 2

Frosty

FROSTY 3

*Frosty is a great slush dispenser for customers who require a **larger-bowl capacity** and high-performance equipment, without having to invest a lot of money. Frosty meets these requirements without sacrificing style.*

The black colour compliments the steel panels for a modern and sleek look.

Functioning with water added to products for slush. Tanks work independently. Always read the user's manual.

Features

Frosty dispenses slushies and other frozen products and has an extraordinary quality to price ratio.

It can be supplied with two or three transparent bowl configuration, each bowl having a **12 litre capacity** of finished product.

The double mixing system prevents ice accumulation for **optimum product consistency**. It has a manual control keypad.

The black colour and steel finishes and the illuminated lid, which can be front/back installed, give the equipment an attractive look.
