RS PRO, Unslotted Din Rail, 1000mm x 35mm x 7.5mm

RS Stock No.: 467-399

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From the trusted RS PRO brand, a selection of robust TS-35 standard DIN rails used for mounting various electrical and industrial equipment. The TS-35 rail or Top Hat as it is also known is manufactured from cold rolled steel which is then zinc coated and clear passivated. This ensures its strength and corrosion proof properties. Un-slotted profiles and available in various lengths for easy attachment and wiring.

General Specifications

Compatibility	Top Hat
DIN Rail Type	TS35 Standard
Applications	DIN rail terminal blocks, Power supplies, Plug in relays, Timer modules, Panel meters, I/O devices, Robotics, Automation and control devices

Mechanical Specifications

Material	Steel
Length	1000 mm
Width	35 mm
Height	7.5 mm

Approvals

European Safety Standard	EN5022
