

REP BAND - ALL LEVELS

The REP Band is our bestselling product into physical therapy clinics and departments.

Simply pull out the length of band you need and cut. It is as simple as that!

REP Band™

**LATEX
FREE**

Offering five levels of progressive resistance, REP Band® Products make it easy for each individual user to begin at the appropriate level of resistance and progressively increase the intensity of the exercise by increasing the resistance level of the REP Band.

REP Band Resistance Levels

Kilograms of Force at 100% Elongation

KEY FEATURES

- It is made from especially engineered co-polymer
- Has no powder and no offensive rubber odour
- Has a consistent linear resistance that is more physiologically correct
- Has an indefinite shelf life - does not breakdown over time
- Can be used in hydrotherapy pools
