

# FLAEM<sup>®</sup> Aspira go 30

## Portable suction device

Professional battery-operated portable suction device designed for use in multiple clinical settings such as hospitals, aged care facilities, day surgeries and home care.

Adjustable suction enables clinical staff to accurately control the vacuum in accordance with clinical requirements, while high flow rates facilitate fast removal of fluids and secretions.

Disposable canisters, packs of connection tubing and hydrophobic bacterial filters are available for easy maintenance and sanitisation.

Comes with a battery, AC adapter, power cord, car charger, and a set of consumables including a 1L canister, a pack of connection tubes, bacterial filter, and a disposable manual flow control.

### Features and benefits

- Lightweight – only 2.5kg
- Battery operated
- Adjustable vacuum -75 to -637 mmHg
- High flow rate 30 L/min<sup>2</sup>
- Reusable and disposable accessories
- Optional bed bracket
- Made in Italy
- ARTG number<sup>3</sup>: 308021

<sup>1</sup> Six-month warranty for battery.

<sup>2</sup> Tested and verified by TÜV Rheinland in accordance with the EN 60601-1: 3006 + A1 and EN ISO 10079-1: 2015 on behalf of Flaem Nuova S.p.A for Aspira go suction device P1611EM-30.

<sup>3</sup> Australian Register of Therapeutic Goods.

Three-year warranty<sup>1</sup>
