

• Easier • Faster • Safer

Get an immediate ROI with simultaneous improvement in both productivity and safety.

## Rotatruck® vs. Handtruck

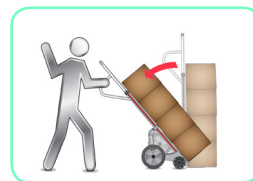

### Leverage Plus™

The smaller Rotacaster wheel at the front gives the Rotatruck greater leverage than traditional 2-wheelers, making it easier to pull back, park, lever and balance loads.

**More leverage, less effort**

**32% less pull-back effort**

**55% less general handling effort**

**Easier pull-back effort**  
& no need to park at waypoints.

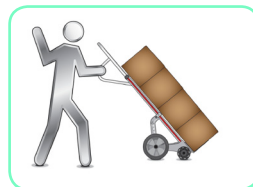

Parking and pulling back loads at waypoints increases strain on musculoskeletal structure.

### Hands Free Balance™

The Rotatruck's compact, multi-directional wheel base fully supports loads without operator input. No need to park or pull back loads as frequently.

**Just push, don't carry**

**0kg load to carry**

The Rotatruck carries the load, not the operator.

Constant operator input to maintain load balance exerting strain and effort.

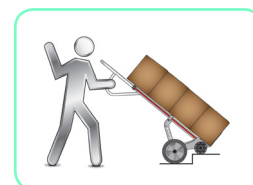

### Magic Step Up™

The fixed orientation of the Rotacaster wheel allows you to step and lever loads instead of turning and reversing (over obstacles), with 78% less effort and 63% faster.

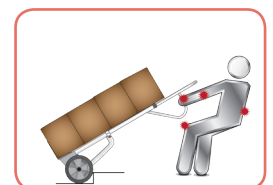

**Lever, don't lift**

**78% less lifting effort**

**63% faster negotiating kerbs**

Up kerbs or over obstructions without reversing.

Maximum effort required to reverse and pull load up a kerb.

## All the Rotatruck benefits for a LITE price.

Ideal for hospitality, retail, parcel delivery, warehousing, office and home use. The unique ergonomic design minimises user effort, saves time and lowers the risk of strain injuries.

### 150kg Load Capacity

#### All Terrain

11-23AT-LITE  
Weight: 11.7kg

Ideal general purpose truck with 200mm rear wheels. Excellent for parcel delivery, warehouse, yard and inside use.

#### 4xRC

11-23RC-LITE  
Weight: 10kg

All Rotacaster wheelbase provides the ultimate in mobility. Great for confined spaces such as storerooms, cellars and cool rooms.

#### Stair Climber

11-23SC-LITE  
Weight: 11.7kg

Not only easier up and down stairs, it gets you out of those tight spots on landings. No more damaged floors or walls.

#### Multi-Directional Wheels

R2 Rotacaster for 360° manoeuvrability.

#### Coated Handle

Loop handle with vinyl sleeve for comfortable grip.

#### Aluminium Cast Nose

Wide 457 x 190 mm aluminium cast nose.

#### Kickstand

Stands truck vertically and retracts automatically.

#### Jockey Wheels

Easily position loads without damaging the floor.

## CONVERSION KITS

#### Basic

12-23BC-R2

Use with your existing rear wheels and axle.

#### All Terrain

12-23AT-LITE

#### 4x RC

12-23RC-R2

**Already have a perfectly good modular hand truck?**

No need to replace it; you can get the benefits of a Rotatruck now!

**Simply convert it.**
