

Healthweigh Neonatal Scales

H650-11-1 Healthweigh Neonatal Scale

Weight gain is an essential sign of good health in newborns. Healthweigh Neonatal Scale is ergonomically designed for the newborn and growing baby. It features advanced technology for precision weighing of newborn and growing babies. The technology is so precise that the scale is integrated into warmers and incubators used to sustain premature babies. Unique movement compensation technology provides 100% accuracy, even when baby moves during weighing.

- Movement compensation technology
- Tare/Pre-set Tare
- Zero/Hold
- Scroll Up/Down
- Clear/Enter
- Reweigh
- kg/lb
- Updatable firmware
