- Alarm is reset automatically when patient returns to the chair
- Hygienic, antibacterial easy-clean material
- Available in both wired and wireless configurations to suit the necessary needs of Home, Aged and Health care environments

OR

Code	Description	Warranty
BEA007610	Alerta Detect Infrared System (includes sensor, alarm monitor and cables)	1 Year

KEY FEATURES AND BENEFITS

- Infrared beam senses when a patient leaves their bed, alerting carers to minimise potential falls risk
- Can also be used to allow the patient to move around their room freely, only alerting carers if they leave their room
- Can be used as a standalone system (sensor & alarm monitor via infrared "IR") to create an alarm within the room or directly placed into nurse call system (sensor only)
- Wireless plug and play ensures carer can quickly set up and operate with ease
- System includes: Sensor & Alarm Monitor, Stereo & Mono Nurse Call Cables
- Wireless solution that removes excess cables and provides a streamline falls prevention solution
- Large sensor range of up to 95m ensures all types of room configurations are covered
- Can be battery operated (sold separately) or via a mains power cable (optional accessory)
- Alarm Monitor can be carried around in the homecare space by a carer, fitting neatly into the pocket

KEY FEATURES AND BENEFITS

- Provides the user with reassurance that help is at hand. With a large easy to press button it activates the alarm when a user presses the button. This alerts the caregiver to ascertain the user's need.
- Connects to a nurse call system through the Alerta Alarm Monitor for centralised activation and comes with a lanyard, and a holder that can be wall mounted, so it can always be used remotely within the homecare environment.
- Simple plug and play ensure carer can quickly set up and operate with ease.
- High and low volume alert.

BEA007631	Alerta Wireless Nurse Call Button (includes button and alarm monitor)	1 Year

Accessories & Plug Identification

MONO PLUG

STEREO PLUG

Mono and Stereo cables are the most common connection types in nurse call systems in Australia. Alerta alarm systems are supplied with both mono and stereo cables when purchased as a system, to ensure there is no delay upon installation.
