

Model: LE81VF15DPC-E1

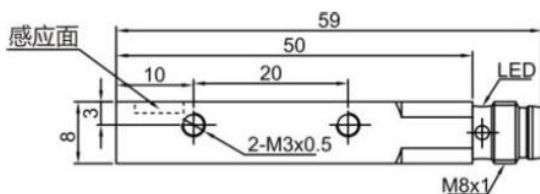

Features

Stable performance, strong versatility and excellent anti-interference performance

Technical Specifications

Mounting	Flush	Assured distance	$\leq \pm 10\%$
Sensing distance	1.5mm	Hysteresis range	1...20%
Assured Distance[Sa]	0...1.2mm	Repeat accuracy	$\leq 3\%$
Standard target	Fe 8*8*1t	Ambient Temperature	-25°C..70°C
Retangular size	8*8*59mm	Ambient Humidity	35-95%RH
Output ways	PNP	Circuit protection	Reverse polarity protection
Output status	NC	Voltage Withstand	1000V/AC 50/60Hz 60S
Residual voltage	$\leq 2.5V$	Insulation Resistance	$\geq 50M\Omega(500VDC)$
Supply voltage	10...30VDC	Vibration Resistance	Complex amplitude 1.5mm 10...50Hz(X,Y,Z 2 hours at each direction)
Load Current	$\leq 100mA$	Degree of Protection	IP67
Current consumption	$\leq 10mA$	Housing Material	Aluminum alloy
Switching frequency	2000Hz	Connection Type	M8 connector
Output indicator	Yellow LED	Certification	CE
