(Hot & Cold)

**TW-9201**  
Deluxe Timed Flow  
Pillar Tap

**TW-9101**  
Eco Timed Flow  
Pillar Tap

## INSTALLATION NOTES

- 1) Fixture strength is ultimately determined by the load capacity of the supporting structure (noggins recommended for stud walls) and use of appropriate fixings. 2) Basin is secured to wall with an offset bracket positioned behind the rear/top of the basin and to the floor via integrated holes in the base. 3) Trap and fixings (other than offset bracket) not supplied. 4) Front fixed model is supplied with a side access panel. 5) Rear fixed model supplied without access panel.
