

SDS70-C

Super Duty Walk-Behind Industrial Scrubber

RELIABILITY AND EXCELLENCE

Simple-to-operate yet strong and efficient, SDS70 is best suited to mid-sized areas that require frequent heavy-duty scrubbing.

Intuitive controls and minimal electrical componentry make the SDS70 one of the most reliable and efficient machines in its class.

SDS70-C

Featuring corrosion resistant stainless steel scrub deck and hopper, SDS70 delivers powerful scrubbing results in the harshest environments.

Technical Specifications

SDS70-C

Cleaning Width	735mm scrub path	Power Supply	4 x 6V, 245Ah deep cycle battery
Solution/Recovery Tank	80L / 87L	Battery Charger	On-board charger
Scrub Head Motor	2 x 746W	Machine Dimensions	1320 (L) x 560 (W) x 1020 (H)mm
Brush Speed	750RPM	Weight	306Kg
Brush Pressure	0 – 80Kg		

Features & Benefits

1 STAINLESS STEEL SCRUB COMPONENTS

Scrub head, hopper, and fasteners are corrosion resistant for long service life in harsh environments.

2 LOW-NOISE OPERATION

Quiet scrubbing and drying performance allows operation even in noise-sensitive areas.

3 NON-MARKING URETHANE ROLLERS

Protect the scrub deck and motors while preventing floor damage and protecting surrounding property.

4 AUTOMATIC BATTERY CHARGER

Integrated charger stops automatically when the battery is fully charged, reducing the risk of battery damage.

5 MANAGER LOCK-OUT CONTROLS

Prevents unauthorised changes to solution flow and brush pressure settings.

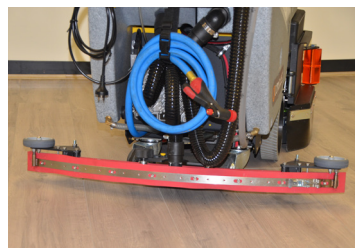

6 TILT-BACK TANK DESIGN

Provides quick access to internal drive and working components for easy maintenance.

7 BAFFLED RECOVERY TANK

Prevents foam and spray from entering the suction motor, protecting the vacuum system.

8 STAINLESS STEEL SQUEEGEE DESIGN

Durable squeegee components are easy to clean and resistant to water and chemicals.
