Made of soft, foam material!

AIREX BALANCE PAD SOLID

The Airex Balance Pad Solid allows much softer stimuli due to its higher density; it is not as wobbly as all the other Airex Balance Pads. An optimum solution for senior people or therapists who want to use it in the early course of therapy. Due to its extremely robust properties, it can also be trained on shoes.

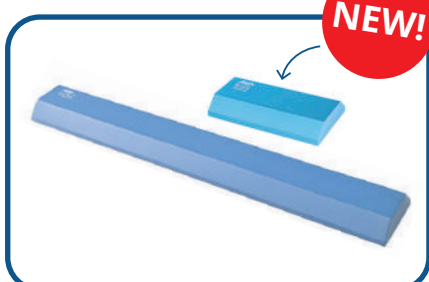

The extensive waffle-like embossing on both sides allows a simple, even more, slip-resistant and safe therapy and training application.
