

"The more I study and see  
Athlegen products, the more I love  
them. I have an Athlegen Access  
massage table in my practice ...  
nothing compares to it."

GITTA WRIGHT

## Pro-Lift Access Standard

The table of choice for many professional bodywork therapists. Features an ergonomically designed contoured top, an integrated head cradle with armrest, and an exceptional height range.

SELECT FROM OVER 30 COLOURS AND FABRIC CHOICES INCLUDING POLYURETHANE (PU), VINYL (PVC) AND GENUINE ITALIAN LEATHER:

ADJUSTABLE HEAD CRADLE & ARMREST

The integrated sturdy head cradle and armrest can be adjusted to your preferred angle for superb patient comfort.

EXTENDABLE FOOTREST

The footrest can be extended to create a tabletop of over two meters. Ideal ankle support for patients of diverse stature.

BASE STYLE

Choose between our Standard base with concealed in-line wheels and floor-levelling feet or our lockable Castor base for easy manoeuvrability. All wheels feature TPE rubber compound tread to protect your floors.

OPTIONAL REMOVABLE ARMREST

The removable armrest allows better practitioner access when working seated at the head of the table. The optional supine head pad is also shown above.

WIDTH OPTIONS

Choose from the 680mm top (our most popular table width for remedial massage) or the 730mm top (ideal for spa and relaxation massage where treatments are typically longer in duration).

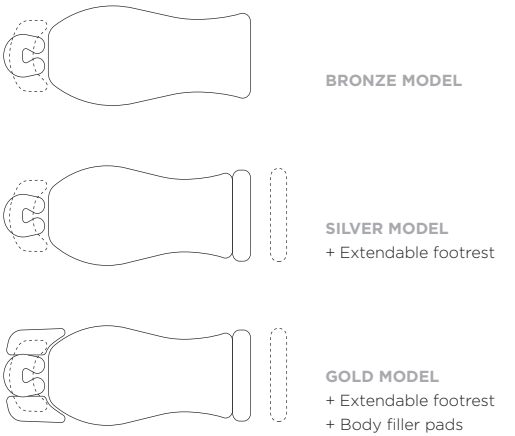

TOP SHAPE

Choose between our straight-sided top or contoured top which increases access to the centre of the table. Both tops have a curved shoulder section that allows patients to comfortably access the armrest.
