Surevac Elite Silent Walk Behind

190260 - Deep cleaning for carpets

- It is possible to clean up to 500 sq meters in one hour, thanks to the working forward system of the machine.
- Possibility to clean both carpet and hard floor with a single machine by using the optional squeegee SQ720E.
- The squeegee is connected to the machine thanks to a quick disconnect coupling and does not require the use of any tools. Very silent working (60 decibels), that allows you to use the machine with no discomfort for the worker and for other people.
- The machine can be used also during normal daily working time and in places sensitive to noise such as hotels, offices, banks.
- The tanks, with 50 litres each, allow for long working autonomy and reduce the idle time necessary for the tank filling and draining.
- The 3 stages high water lift vacuum motor allows excellent suction and therefore a very short drying time.
- Possibility to adjust the height of the rotating brush according to the kind of carpet or floor and also according to the dirt degree.
- The water flow can be regulated, for a maintenance low-moisture cleaning or a restoration deep cleaning.
