

Anton Paar Lab Favourites Bundle #4 - Pharma and Cosmetic

For any measurement system, the test data generated, along with the associated meta-data, is your most valuable asset. It must be collected, processed and stored in accordance with ALCOA+ data integrity principles.

The Anton Paar Connect Pharma software package guarantees data integrity through its advanced user management functions, electronic signature settings, and secure date/time stamped audit trail. Buy a ViscoQC 300 with PTD 80/100, V-Curve and V-Comply and get a full year licence of Pharma Connect.

Viscometer + PTD 80/100 + V-Curve
+ V-Comply + 1-year free subscription
of AP Connect Pharma Licence

Offer ends 16 Dec 2024
