

# Unisto Non Residue - Tamper Evident Labels

Perfect for sensitive surfaces, these labels leave no trace when removed, while leaving an irreversible message in the label itself - it cannot be re-attached. Ideal for electrical goods, catering trolleys, vehicles, cash in transit and high value goods.

Residue-free, self-adhesive security labels are pressure sensitive and very easy to apply to a wide range of surfaces including metals, plastics, glass, painted surfaces, fabrics, crates and veneers.

Includes barcode on white area for better readability on all scanners. Size (Width x Length): 100mm x 25mm - available from stock in red and blue. Packing Roll Size: 1000 labels

Unisto offers a constantly available standard range. Benefit from decades of know-how and contact your Unisto sales consultant today, for individualized solutions.
